# ABOUT US

Zenium has provided asset management and financial planning services to families, individuals, institutions and businesses. Clients choose Zenium for its integrity, consistency and proven record of success in the financial industry. It is our objective to provide professionals and experts who provide an unparalleled level of quality advice to every one of our clients. In addition to our modern approach to portfolio construction, we offer a level of personalized service and open communication not found at larger organizations. Through tailored portfolio management, we help high net-worth individuals and institutions around the world reach their long-term financial goals.

As a client of Zenium, you will benefit from a comprehensive, personalized financial plan helping you confidently save, spend and invest. Our strategies and plans are tailored to your financial needs. In addition, we can help with financial planning, budgeting, cash-flow analysis, estate and tax planning, and strategies for maximizing Social Security benefits. Beyond investing and financial planning, we want to help make you a more comfortable, disciplined and informed investor. That's why we will help you understand what's going on in your account.

# OUR SERVICES

## Real estate

Real estate is a \$217 trillion-dollar market making up almost 60% of all global wealth. It's the largest source of wealth, yet it is illiquid for 99% of the world today. In the past, you only had access to real estate if you were rich.

## Oil and gas

Surprising as it might be, anyone can invest in the oil and gas market to make a profit. Indeed, the development of online trading platforms has allowed individuals to use their savings to speculate on rising or falling oil prices

## Crypto and forex

Bitcoin or cryptocurrency mining is the process of creating new bitcoin by solving a computational maths puzzle. Bitcoin mining is very necessary to maintain the ledger of transaction upon which bitcoin is based.

## Agriculture

Investing in agriculture means putting your money behind food and crop production, processing, and distribution. As the world needs to feed a growing population and with less land, interest in agriculture production increases.

## Gold

Gold is commonly seen as a great store of wealth, this precious metal is also known as a reliable safe-haven asset. With a rich history amongst almost all global cultures, gold remains a highly popular investment with multiple uses.

## Medical Cannabis

For many years we have been working conscientiously and with the most diverse technologies and means. We have also completed numerous investments across multiple verticals and sectors in the medical cannabis industry.
